Headteacher's Message

Last Friday, Mrs Teague and myself met an assessor from the RE Council to look at the school's RE provision as part of the RE Quality Mark. We have been working on the award for the last year. On Tuesday, we were delighted to have found out that we were awarded the gold award for embedded excellent, creative and innovative RE practice across the school and for recognition as outstanding in the wider community. Well done to the team for all their hard work in achieving the award.

Please note the change to Sparkle Day, which is now **Monday 3rd July**. The children can either wear an item of sparkly clothing e.g. top or wear an accessory that is sparkly e.g. a head band. If you wish to take part, the payment link will be set up shortly.

Have a good weekend.

Best wishes,

Mr Ian P. Ashmore

PTFA News

The summer fair planning is well under way. Please see the page about volunteers.

Dates for your Diary

28.06.23—30.06.23—Y6
at Tower Wood

03.07.23—Sparkle Day—
wear something sparkly
(rearranged from the 4th
July)

07.07.23—Summer Fair

parents

19.07.23—Y6 BBQ at 6pm

20.07.23—Y6 leaver's
worship afternoon

20.07.23—PTFA end of
year disco

21.07.23—school closes at
2pm for the summer
break

Reflection Time

'Always be rejoicing. Give thanks for everything.'

1 Thessalonians 5:16

This week, we have thought about being grateful for what we have. We considered the things that we have and how we should be thankful for them. For example, the environment around us—the variety of plants/ flowers, seasons and nature. How can we look after it for generations to come?

This week in our Picture News, we looked at the news that within the next ten years, people may be able to travel between London and Sydney in just two hours by journeying through space on a sub-orbital flight. The current length of a traditional flight between London, UK, and Sydney, Australia, is at least 20-22 hours and usually entails a stop off to refuel along the way. A sub-orbital flight involves launching a spacecraft to an altitude above the Kármán line (the boundary of space). The children considered the question: 'How has travel changed our lives?' Our 'Picture News at Home' can be found on the last page of this newsletter.

A week enriching PSHE!

This week, we have had several events/ class visits and discussions around several areas that have helped to enrich our PSHE curriculum. These have included:

- Virtual School Career's Assembly and workshops in KS2
- NSPCC Speak Out, Stay Safe assemblies delivered to all children
- Mr Souter visiting Y5 to teach them about payments and savings
- Drowning Prevention Week— all classes have been learning about to stay safe in and around water

Warmer Weather and After School Sports Clubs

If your child does extra-curricular sports clubs after school, please send an additional drink into school from home for them to take outside. The school water bottles are emptied and washed after school ready for the next day.

Summer Term 'Ministry of the Word' Services

Our summer term 'Ministry of the Word' service dates are listed below. Each services begins at 9:30am at St Mary's Church, Penwortham. Parents are more than welcome to join us.

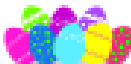

Tuesday 4th July— Y4 and Y3 (Y3 rearranged due to cancellation because of bad weather)

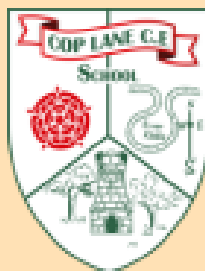

*Due to Y6 now attending the Blackburn Diocese leaver's service at Blackburn Cathedral and Indian Dance Day, Sparkle Day will now be on **Monday 3rd July!***

VOLUNTEERS NEEDED!

**CALLING ALL VOLUNTEERS!
WE NEED YOUR HELP!**

We need volunteers to help us with this years summer fair! We are looking for volunteers who can:

- Help set up on the day
- Man a stall
- Collect deliveries
- Face paint
- Tidy up at the end of the night

If you can help in
anyway,
please get in
touch!

TAKEHOME

How has travel changed our lives?

In the news this week

Within the next ten years, people may be able to travel between London and Sydney in just two hours by journeying through space on a sub-orbital flight. The current length of a traditional flight between London, UK, and Sydney, Australia, is at least 20-22 hours and usually entails a stop-off to refuel along the way. A sub-orbital flight involves launching a spacecraft to an altitude above the Kármán line (the boundary of space).

Things to talk about at home ...

- > Share your experience of all the different types of transport you have encountered. E.g. bikes, cars, planes, ferries. Which is your favourite way to travel and why?
- > Do you think you would like to travel on a sub-orbital flight? Why?
- > How do you believe suborbital travel could change the world?
