## Headteacher's Message

A big well done to our Y6 children, who have approached their SATs with maturity this week and given them their very best. We are all very proud of them.

An update was sent out yesterday regarding the arrangements for sports day. It is looking almost certain that it will take place on Wednesday 21st May 2025.

The summer term junior Ministry of the Word service dates have been set for after half term. They have been added to the dates for your diary and are on p.3 of this newsletter.

Thank you for all your donations to support Christian Aid this week. So far we have raised £174.85 for the charity.

Have a good weekend.

Best wishes,

Mr Ian P. Ashmore

the Word

08.07.25—Y3 Ministry of  
the Word

### Reflection Time

*'For the needy shall not always be forgotten, nor the hope of the poor perish forever.'*

## Psalm 9:18

This week in worship, we have learnt all about Christian Aid and the work that they do. We heard the story of Aurelia and how Christian Aid is supporting her as she makes a better life for those she knows and loves. Aurelia lives in Guatemala. Christian Aid have helped her with farming techniques as the climate becomes more unpredictable. In addition, Aurelia makes chocolate and sells to help make a living. The community have been courageous not to sell land but to work it to produce whatever they can.

This week in our Picture News, we looked at the news that three teenagers from Indore, India—Dhruv Chaudhary, Mithran Ladhania, and Mridul Jain—have created a salt-powered fridge. Their goal is to support hospitals in rural areas around the world that lack access to electricity. Their invention, called the Thermavault, was submitted to The Earth Prize, a global competition which aims to inspire young people to solve world-wide problems. The children considered the question: “What everyday items could be changed to help others?”

Our 'Picture News at Home' can be found on the last page of this newsletter.

12th - 18th May

**What everyday items could be changed to help others?**

Dhruv Chaudhary, Mithran Ladhania, and Mridul Jain

## In the news this week

Three teenagers from Indore, India – Dhruv Chaudhary, Mithran Ladhania, and Mridul Jain – have created a salt-powered fridge. Their goal is to support hospitals in rural areas around the world that lack access to electricity. Their invention, called the Thermavault, was submitted to The Earth Prize, a global competition which aims to inspire young people to solve world-wide problems.

### Things to talk about at home ...

- Share your thoughts on the new fridge invention. Who do you believe will benefit most from it?
- Make a list of everyday items at home. Which make your life easier?
- Can you think of an item you use that could be improved? How?

Please note any interesting thoughts or comments
