Headteacher's Message

On Wednesday, Y2 led us in a super Lent worship. Thank you to Y2 for a reflective and thoughtful worship. Thank you to Miss Hynes and Mrs Andersen for all their hard work in putting it together.

Yesterday, I shared our SIAMs report that has just been published. We are incredibly proud and feel that the report encapsulates the hard work the school does.

Finally, we are delighted to have found out that we have been accredited the myHappymind silver award. This reflects the school's hard work and commitment to mental health and wellbeing.

Have a good weekend.

Best wishes,

Mr Ian P. Ashmore

Dates for your Diary

05.03.26—World Book Day—details have been sent out

05.03.26—World Book Day Special lunch (see P 4)

Reflection Time

“Be still, and know that I am God.”

Psalm 46:10

This week in worship, we have been thinking about Lent. As we begin the season of Lent, we are invited to slow down, think carefully about our choices and look for ways to grow in kindness and love. Lent is a special journey that helps us prepare our hearts for the joy of Easter. During these forty days, many people choose to give something up or take something on— such as helping more at home, being kinder to friends or taking extra moments to pray. These small acts help us become more like Jesus in our everyday lives.

This week in our Picture News, we looked at the news that Scientists at NASA are preparing to send astronauts to the Moon, as part of a new space programme running over the coming years. The series of missions aims to test new technology, learn more about the Moon, and help humans prepare for future journeys deeper into space. The next mission is Artemis II. The plans have sparked discussions about why people explore space and how they could help life on Earth.

The children considered the question: “Why do people explore space?”

Our ‘Picture News at Home’ can be found on the last page of this newsletter.

Spring Term KS2 Ministry of the Word Services

Our spring term Ministry of the Word Services have now been confirmed with St Mary's Church. Services start at approximately 9:30am and last for 30 minutes. As always, parents/ grandparents are welcome to join us.

In the news this week

Scientists at NASA are preparing to send astronauts back to the Moon, as part of a new space programme running over the coming years. The series of missions aims to test new technology, learn more about the Moon, and help humans prepare for future journeys deeper into space. The next mission is Artemis II. The plans have sparked discussions about why people explore space and how they could help life on Earth.

Things to talk about at home ...

- > What do you already know about space or the Moon? What would you like to find out?
- > Why do you believe people choose to explore space, even though it can be difficult and risky?
- > If you could explore anywhere beyond Earth, where would you go and why?
