

Phonics Screening Check Year 1

What is the phonics screening check?

The National phonics screening check is a statutory assessment that was introduced in 2012 to all Year 1 pupils and is a quick and easy check of your child's phonics knowledge.

Who is it for?

All Year 1 children will take the phonics screening check during the week beginning Monday 8th June 2026.

What is in the phonics screening check?

It comprises of a list of 40 words and nonsense words. It will assess phonics skills and knowledge learnt through Reception and Year 1. Your child will read one-one with a teacher. It will be your child's current teacher so it is a familiar face. Your child will read up to 4 words per page and they will probably do the check in 10-15 minutes. They will be asked to 'sound out' a word and blend the sounds together. The check is very similar to tasks the children already complete during phonics lessons.

What are Nonsense or Pseudo words and why are they included?

These are words that are phonetically decodable but not actual words with an associated meaning e.g. brip, snorb. These words are included in the check specifically to assess whether your child can decode a word using phonic skills and not their memory. The pseudo words will be shown to your child with a picture of an alien. The children will be asked what the aliens name is by reading the word. This will make the check a bit more fun and provides the children with a context for the nonsense word. Crucially it does not provide any clues, so your child has to be able to decode it. Children generally find the nonsense words amusing so they will probably enjoy reading these words.

How will the results from the screening be used?

You will be informed of your child's progress in phonics and how he or she has done in the screening check, towards the end of the Summer term. All of the children are individuals and develop at different stages. The screening check ensures that teachers understand which children need support with decoding.

What happens if my child struggles with the screening check?

The screening check will identify children who have phonic decoding skills below the level expected for the end of Year 1 and who therefore need help. Schools are expected to provide extra help and children will then be able to re-take the assessment in Year 2.

How can I help my child?

There are a number of things that you can do to support early reading development:

- *Immerse your child in a love of reading.
- *Ensure your child is reading their schools books with you.
- *With all books, encourage your child to 'sound out' unfamiliar words and then blend from left to right rather than looking at pictures to guess.
- *Using the school website, children can explore a variety of phonics games.

Please remember...

The Year 1 team are here to help your child achieve their very best. If you have any questions, please ask Mrs Bell or Miss Binks. We are both happy to help.
